## **TEN CHI JIN**

### **Brian Duckers (15<sup>th</sup> Dan)**

**The Ten Chi Jin is essential foundation training for the development of Tai Jutsu.**

When the Ten Chi Jin was first published and taught by Hatsumi Sensei in the 1980's it was generally used by Shidoshi of that time as the basis for a 'syllabus' to cover training from white belt to 4<sup>th</sup> Dan.

Following the very successful and popular TEN CHI JIN Series of Workshops run in Germany during 2009 a number of requests have been received to re-run the series in the UK.

The Series of 3 Weekend Workshops to be run during 2010 will cover in detail the Techniques and Principals of the Ten Chi Jin.

The taking of notes is highly recommended and time will be programmed in to the Workshops to permit this. It is recommended that you bring a copy of the Ten Chi Jin with you as the basis of your note taking.

**Registration prior to Friday 8<sup>th</sup> January 2010 will entitle you to a copy of the Ten Chi Jin techniques which will be to be studied at each Workshop.**
